

# Glass Washing Inserts

Mantova Stem Glass Insert racks are an inexpensive alternative in providing a stable method for securing glasses from toppling and breaking whilst washing. Mantova Poly Coated Wire Frame Inserts also achieve a greater wash efficiency, resulting in a more hygienically cleaned glass-ware.

Pockets secure the glass on all sides to ensure stability. Flute glasses are accommodated in 65mm x 65mm pockets, whilst Wine glasses require pockets of 85mm x 85mm. Options of 175mm high and 225mm high to accommodate glasses up to 225mm tall. Available for 14"x14", 17"x14", 400mm x 400mm, 500mm x 500mm Basket size.

Finish: Black Polycoat
